Dear Tomas Torres, Tom Hagler and Erin Foresman,

I hope this finds you all well and with 2016 off to a fine start for you. I forward to you our attached letter of today bringing up some issues in the SWRCB Water Fix pre-hearing process. Our letter is in the SWRCB record as of today and you are welcome to share it with anyone in the EPA who is involved or interested in the process.

I see from the SWRCB service list of January 15, that you, Tomas, are participating in Part I as an interested participant on behalf of EPA. I look forward to meeting you in person if you attend the pre-hearing conference next week. And Erin, if you should attend, it would be great to finally meet you in person.

Best.
